We cannot recommend Karolina enough, she was amazing throughout and made our wedding day and the planning before 100 times easier than it would have been without her.

Being a Polish/British couple, living in England but getting married in Poland, posed many problems but Karolina managed to help us overcome all of them.

Karolina planned our day down to the very last detail, making sure everyone knew what they should be doing and when. This meant we could leave everything to Karolina and enjoy our wedding day safe in the knowledge everything was taken care of.

It was clear this was more than just a job to Karolina, she took the time to get to know what we wanted, our likes and dislikes and the needs of our guests from the start. She made lots of recommendations based on her experience to help our wedding run smoothly.

Thank you so so much Karolina for everything you did before, during and after our wedding to make it absolutely perfect!
